About this exemption

INTRODUCTION

The City offers funding for the planning and delivery of community-led infrastructure projects through its Community Infrastructure Grants.

Under these grants, the City will fund up to two-thirds of a total project cost to the maximum grant funding offered. Applicants must co-contribute \$1 for every \$2 requested in funding and provide any remaining funding required.

The maximum amount of a 2026-27 Community Infrastructure Grant is \$300,000 for capital works and \$50,000 for infrastructure planning.

Co-contributions ensure project viability, demonstrate community commitment to the project and maximises the impact of the City's available funds.

If you cannot meet the co-contribution requirement, you may apply for a full or partial exemption.

EXAMPLE – NO EXEMPTION

Applicant makes full co-contribution – no exemption			
Total project cost	City funding (Two-thirds total project cost)	Your contribution (1:2) (\$1 dollar for every \$2 funding from the City)	Your additional contribution
\$45,000	\$30,000	\$15,000	Nil
\$240,000	\$160,000	\$80,000	Nil
\$450,000	\$300,000 (maximum grant)	\$150,000	Nil
\$475,000	\$300,000 (maximum grant)	\$150,000	\$25,000

EXAMPLE – FULL OR PARTIAL EXEMPTION

Applicant receives a full or partial exemption			
Total project cost	City funding	Your contribution	Your additional contribution
\$45,000	\$40,000	\$5,000 (partial exemption)	Nil
\$45,000	\$45,000	\$0 (full exemption)	Nil
\$240,000	\$240,000	\$0 (full exemption)	Nil
\$475,000*	\$300,000 (maximum grant)	\$150,000	\$25,000

*In this example the City can only fund the maximum grant amount of \$300,000. An exemption is not required because the applicant must make the co-contribution and provide the additional balance of funds, due to the size of the total project cost.

HOW WE ASSESS APPLICATIONS

Assessment

The complete list of checks we do on each exemption application include:

- **Pre-eligibility check** – applications will be checked to make sure the proposed project meets the Community Infrastructure Grant guidelines and will not be used to operate electronic gaming machines.
- **Officer panel assessment** – if eligible, our officers review the application using the assessment criteria in the table below.
- **Executive review and endorsement** – A City Executive reviews and endorses funding recommendations.

Assessment areas

In the application form, you will be asked questions about the assessment areas we use to assess your request for exemption. This table shows the assessment areas and the questions we ask.

Assessment area	What we look for when assessing an application
Financial capacity	What is the total estimated project cost? How much funding are you requesting? What is your cash co-contribution? Please explain why you cannot meet the required co-contribution. Provide financial statements for the previous three years of your organisation's operations.
Maturity of organisation	When was your organisation established?
Location and disadvantage	Where is the proposed community infrastructure located? Please include the suburb and postcode.
Funding from electronic gaming machines (EGMs)	Does your organisation own or operate EGMs? Does your organisation receive revenue, funding or other support generated from EGMs?
Other relevant factors	Is there anything else you would like to tell us in support of your exemption application? We may consider other factors not covered by the assessment areas, such as: <ul style="list-style-type: none">• the importance of the facility to the community• the funding amount requested, and• who is responsible for the asset, for example a national or peak body.
